THE DOLPHIN

Can dolphins talk? Maybe they can't talk with words, but they talk with sounds. They show their feelings with sounds.

Dolphins travel in a group. We call a group of fish a "school". They don't study, but they travel together. Dolphins are mammals, not fish, but they swim together in a school.

Dolphins talk to the other dolphins in the school. They give information. They tell when they are happy or sad or afraid. They say "Welcome" when a dolphin comes back to the school. They talk when they play.

They make a few sounds above water. They make many more sounds under water. People cannot hear these sounds because they are very very high. Scientists make tapes of the sounds and study them.

Sometimes people can catch a dolphin for a large aquarium. (An aquarium is a zoo for fish.) People can watch the dolphins in a show. Dolphin don't like to be away from their school in an aquarium. They are sad and lonely.

There are many stories about dolphins. They help people. Sometimes, they save somebody's life. Dolphin meat is good, but people don't like to kill them. They say that dolphins bring good luck. Many people believe this.

1. Can dolphins talk with words?
2. How do dolphins show their feelings?

All over the world people listen to classical music. Classical music is difficult to describe. It means different things to different people.

Some famous classical composers were Bach, Vivaldi, Haydn, and Mozart. In their music, they did not tell a story or show strong emotion. They wanted to make a beautiful, interesting design. They wanted to write lovely sounds.

Then composers started to interpret ideas. They told stories about wars, armies and soldiers. They wrote about religion. Sometimes they composed music for holidays. They told love stories and showed strong emotion. Some of these composers were Beethoven, Schumann, Chopin, Mendelssohn, Wagner, and Tchaikovsky.

Classical music stays with people a long time. Bach wrote about 300 years ago, Beethoven wrote about 200 years ago, and Tchaikovsky wrote over 100 years ago.

Sometimes people close their eyes to listen to classical music. When they close their eyes, they can see the design. They can listen to the same classical music many times and enjoy it.

Sometimes it is difficult to understand. The listener has to think about it. However, we can all learn to enjoy some classical music. It is very important to people.
